GAINESVILLE, FLORIDA, FRIDAY, MAY 7, 1909

TEN CENTS A WEEK

JURY EASILY SECURED IN BEXLEY-OSTEEN CASE

Sixty-Nine Talismen Examined When Panel Was Completed---Taking of Testimony.

The Circuit Court convened at 9 o'clock Thursday morning, His Honor Judge J. T. Wills presiding, and a large crowd in attendance from various sections of the county, being attracted by the trial of the State vs. Wm. A. Bexley and Truby Osteen, charged with the murder of W. H. Moreland, which was set for this day.

Upon opening of the court Sheriff Ramsey returned the two special venire issued on Monday, and the court proceeded to empanel a jury.

Indictments Returned.

Just before the proceedings of empaneling a jury was begun, the grand jury came into open court and rendered a number of true bills, among which were the following:

State of Florida vs. Lewis Martin, Cronin Martin and George Powers, rape.

State vs. George Powers, assault with intent to rape.

State vs. Pete Fleming, larceny.

State vs. Henry Richard and Oliver Cato, murder in the first degree. Richard and Cato are charged with the murder of another negro near Alachua Sunday last.

Jury Empanelled.

Attorney Rivers called the roll of witnesses for the State in the Bexley-Osteen case, when the empaneling of the jury was taken up, the clerk calling the roll of the special venire. The oath and usual questions were then propounded by the court.

The roll call showed seventy-two present. For various reasons the following were excused from the body of the venire:

J. W. Fennell, E. S. Kennard, F. H. Irwin, B. W. Waits, J. S. Crown, S. V. Jolly, C. W. Adkins, J. A. McElstry, W. F. Avant, R. B. Hodgson, L. L. Langford, Geo. R. Ellis, W. A. O'negan, J. W. Alsop, G. W. Easter, J. P. Jordan.

A. F. O'Neill and J. J. Craig had formed an opinion in the case, and were excused.

C. Y. Crawford stated that he was "scrupulous" in regard to capital punishment, and was disqualified on this account.

J. W. Alsop was excused on account of his profession as an undertaker, and W. P. Boulware, M. A. Densler, R. F. Ormond and T. L. Blanton were called to complete the panel.

Messrs. Densler and Boulware, having formed opinions, were excused for cause, when E. F. Dyess and Alex Howe were summoned to complete the panel.

W. K. Fagan, who was one of the original jurors in the box, was ordered to stand aside, having been chal-

lenged by the defense, and Waterman Johnson was called.

I. S. Futch and M. Venable were excused for cause, and J. A. J. Strickland was called and qualified.

S. V. Duke was challenged by the State, making one challenge each for State and defense.

Alex Howe was excused for cause, when G. W. Polk was called. When asked if he had formed an opinion in the case, Mr. Polk, who resides at Lottville, near the Suwannee river, replied that he had not, as he had never heard of the case until he arrived in Gainesville in response to the summons, and had not talked the same over with anyone.

E. Jeffords, who was the only juror left from the regular venire at the opening of the term, was challenged by defense, when G. W. Parker was called and qualified.

J. Maxey Dell was called, and excused for cause, being the tenth juror excused in this manner.

J. B. Matthews was called and challenged by the State, while W. H. Boone was excused for cause. M. E. Bauknight was also retired for cause.

Alex Acree qualified, and W. J. Denby was excused for cause.

D. B. Pope was called and qualified, and F. F. Paulling was challenged by the defense, whereupon J. W. Harris and J. H. Avera were called. The former was excused for cause, the latter challenged by defense, making three challenges by the defense.

J. D. Davis was called and excused for cause, and S. H. Hall was challenged by the defense.

J. A. Durrance and M. Clements were called, the former being excused for cause, the latter qualifying.

J. W. Harris was requested to stand aside by the defense, and W. R. Stewart and E. K. Fagan were called. Mr. Stewart was excused for cause, while Mr. Fagan was challenged by defense.

J. W. Bennett, R. I. Gladney, H. B. Brooker and J. J. Colson were called, and each requested to stand aside for cause.

J. D. Merry was called and qualified, the motion for challenge for cause by defense being overruled.

This completing the panel, counsel for defense tendered the jury.

The State challenged G. W. Polk, leaving eleven in the box, when S. F. Waits was called and excused for cause, as was also C. S. Bennett.

W. Frank Langford was called, and, being satisfactory to both State and defense, was qualified, completing the panel.

The Panel Complete.

At 1 o'clock the panel was completed and sworn, as follows:

Richard Hudson, T. L. Blanton, R. F.

SUNDAY SCHOOL TRAIN LEAVES PROMPTLY 8:30

EXTRA TRAIN WILL HAVE TEN OR MORE COACHES.

All Sunday Schools of the City Have United for This Grand Occasion at Interlachen.

All Sunday schools of the city have united to make today one of the grandest picnic events in the history of Gainesville.

The special train over the Atlantic Coast Line will be provided with ten or more first-class passenger coaches and will leave the city promptly on time, 8:30 a. m., and arrive at Interlachen, its destination, about 10 o'clock, affording a ride which will prove very enjoyable and interesting to the army of children that will be present for the occasion.

A large number of the "older people" will accompany the children, as it will be one of the best outings for a single day to be given this season, and they will go principally to get away from the cares of the city and enjoy a pleasant day along the famous lakes and handsome hammocks that abound in this section.

Ample accommodations have been made for the crowd after its arrival at Interlachen and amusements will consist of swings, rope-jumping and other attractions of a like nature for the especial pleasure of the children.

The Sunday schools of the city have generously donated a sufficient sum to warrant that all will be well supplied with free lemonade during the day, and the only expense that will be incurred outside of railroad fare will be the small sum that you pay for ice cream and other delicacies of this nature that will be offered by the town improvement society of Interlachen to further beautify and arrange their handsome picnic grounds.

Ormond, R. F. Dyess, Waterman Johnson, J. A. J. Strickland, G. W. Parker, D. B. Pope, Alex Acree, M. Clements, J. D. Merry, W. Frank Langford.

After a few brief remarks to the jury, that body was turned over to the custody of Deputy Sheriff W. C. Hogue, when court adjourned until 3 o'clock.

Relatives in Court.

During the day the prisoners were surrounded by relatives and friends. Judge M. A. Bexley, father of Wm. A. Bexley, his sister, Miss Stella Bexley, and his grandmother, Mrs. Tabb, were present, as was also the mother of Truby Osteen, who sat by her son constantly.

Grand Jury Discharged.

During the morning the grand jury came into open court, reported no further business, and was discharged with the thanks of the court, after being congratulated upon the rapid work and efficiency of that body which, by its brief but busy session, had saved the county considerable expense. Geo. S. Merchant was foreman of the grand jury.

Afternoon Session.

Court convened promptly at 3 p. m. State Attorney Rivers read roll call of witnesses for State, and Attorney Stripling for the defense.

The witnesses were placed under ruling of the court and instructed to retire, and not to enter the court room until called. An exception was made to M. A. Bexley, father of Wm. A. Bexley, who is a witness for the defense, Deputy Sheriffs Geo. W. Livingston and Herbert Brooker, witnesses for the State, and lady witnesses.

The first witness was J. W. Dodge, a liverman of High Springs. Witness stated that on July 29, 1908, Wm. Bexley came to him to rent two buggies. Said he and Osteen and a young drummer were going to take some ladies out riding. Delivered the

STATE MAY ENGAGE IN PHOSPHATE BUSINESS

Such Authority Is Embodied in Bill Introduced by Senator Humphries---Plea for Alligator.

TALLAHASSEE, May 6.—Under a bill introduced in the Senate by Mr. Humphries of Manatee, the Board of Commissioners of State Institutions will be authorized to mine or to sell phosphate from the beds lying in the waters belonging to the State.

Another bill introduced by him appropriates \$65,000 annually from the convict lease fund, a part of which is to go into the State sinking fund and a part to go to the maintenance of the State Insane Asylum.

The Senate waded through a good portion of the calendar and held two sessions yesterday.

The afternoon session was principally occupied with the discussion of the bill by Senator Baker of the Twentieth, placing telegraph companies under the charge of the State Railroad Commission. The bill was finally passed to third reading, but not until the entire afternoon had been taken up with debate over it and over various amendments offered.

The Harris reapportionment bill is set for a special order for this morning at 11 o'clock.

Senate Bill No. 4, by Mr. Beard, to punish persons voting in a primary election who in the preceding general election voted for any candidate other than the candidate of the party holding such primary elections was taken up. The bill was reported unfavorably and a motion was made to indefinitely postpone the measure.

Senator Beard opposed the motion.

Senator Humphries opposed the measure.

Senator Cone said the committee considered the bill dangerous as it

might be construed to send a man to jail when he changes his policies.

"The bill would be a dead letter if it was placed on the statute books," remarked Senator McCreary.

Indefinitely postponed, 24 to 2.

IN THE HOUSE.

TALLAHASSEE, May 6.—The Neeley bill, creating the office of pardon attorney, was killed by the House by an almost unanimous vote yesterday morning after a long discussion. A motion was made to strike out the enacting clause and the measure met its death by this means.

The feature of the afternoon was the discussion over the alligator and the limpin. A bill was passed by the Legislature forbidding the shooting of the saurian or the bird on the Ocklawaha river, in Marion county. The people of that county now want the law repealed, however, at least that section of it relating to the alligators, as they are destroying the hogs. But a petition has come up from the citizens of Putnam county protesting against the repealing of the act. They take tourists up the Ocklawaha, and the alligators are the principal attraction. For this reason they brought pressure to bear against the measure.

Representative Hilburn made a really eloquent plea in behalf of the alligator, but adjournment was taken while the matter was still under discussion.

Representative Carter of Alachua was appointed a member of the committee to visit the Old Soldiers' Home at Jacksonville.

buggies to Bexley, who stated that he would take same where they were wanted.

"Did you see Bexley any more that night?"

"No, but he brought the buggy back about 9 o'clock."

George Rivers

Was in High Springs on evening of July 29th, was working for Mr. Dodge, liverman; saw Bexley on that date about dark, and later about 9 o'clock. Two or three men brought the teams back. He recognized Bexley's voice. Was three teams, but did not recognize any of the occupants. Two teams belonged to the stable—did not know who the other team belonged to. Witness did not remember seeing Osteen that night.

S. B. Phifer,

The third witness, was in High Springs on the night of July 29, 1908, was acquainted with Bexley and Osteen. Saw both on afternoon of July 29th, but had no conversation with them. Saw W. H. Moreland about 3 o'clock at postoffice, also about 7 at his (Phifer's) store. Appeared to be in good health. Saw

Moreland's dead body the following morning.

Lady on Stand.

Mrs. M. P. Summers lived in High Springs on July 29, 1908. Knew spot where Moreland was killed. Was sitting with her husband on porch when shot was fired. While on porch saw man pass towards where man was killed, whom she took to be Truby Osteen. Has known Osteen four or five years. Did not see his face, because his hat was pulled down partially over his head. Was no light in house at time of report of shooting, as she had just retired. Did not notice clock between the time the man passed her house and the report of the pistol, but judged within one hour. Man passed after buggies passed.

Upon cross-examination, witness stated that man who passed her home wore dark coat and light straw hat.

"Did not you and your husband subsequently ascertain who that man was?"

"No."

"Wasn't it Ben Wiles?"

Women and Children Living on Grass Like Animals

MARASH, ASIATIC TURKEY, May 6.—A letter received by messenger from Harri says that every man there has been killed. Only women, girls and boys under 19 years old, have been left alive. The churches and houses were plundered and most of them were burned. The letter, which is from the widow of a clergyman, says:

We have nothing to eat or wear. We are living on grass like animals. More than this, the Moslems are try-

ing to force the women and girls to become Mohammedans. Already some of the women have been carried away."

Lucius O. Lee, a missionary here, says: "We are trying to send food to Harri, although it is dangerous, and to bring away the women as well."

Much excitement has been caused here by the attempts of the authorities to arrest some of those who have murdered Christians.

Fierce Duel Between Negro and Officer in Cell

ALBANY, Ga., May 6.—Ely Holmes, a desperate negro prisoner in the Lee county jail at Leesburg, was shot to death yesterday afternoon in a hand-to-hand fight in which the loser could not leave the cell alive. Both men realized this, according to Deputy Logan, and when his chance came he killed the negro.

He had entered Holmes' cell and

the negro attacked him, it was stated, with a stool, beating the officer unmercifully before the latter could draw his pistol. Then a fight began for its possession, which ended when Deputy Logan fired and the negro dropped to the cell floor dead.

Isn't there something which only a wart ad. can do for you today?

JURY EASILY SECURED IN BEXLEY-OSTEEN CASE

(Continued from Page One.)

"I do not know," was the reply.

Did not know where Ben Wiles boarded at the time, but some place beyond her home, as she had seen him pass in daytime several times.

Mrs. E. B. Godwin

Was in High Springs on night of July 29, 1908, and saw Wm. Bexley about 8 o'clock at foot of opera house stairs, but not later. Scene of homicide was across street from her home. She heard one shot, and saw two men run by her home, from the window; were medium height; were running north. One wore a dark coat, and the other either a light coat or was in his shirt sleeves. Did not go to where homicide occurred that night.

"Who lived opposite you?" inquired Attorney Rivers.

"Mr. Glass," was the response.

"Did Miss Louise Glass live there?"

"Yes."

Cross-examination: The men were about fifteen feet apart when they passed her home. Bed-room of witness is up-stairs, and a rubber tree was almost underneath her window. Was not a moonlight night, but was not dark. Could not say whether it was cloudy, but it had been misting rain in the early evening. In reply to the question as to whether she recognized the men as white or colored, witness stated that she did not.

Witness had retired, but when she heard pistol shot she arose, and went to the north window. Her husband was at the south window, facing the same direction.

E. B. Godwin

Was living in High Springs on July 29, and was in his home, up-stairs, when W. H. Moreland was killed. Heard the shot and heard someone cry, "catch him!" or something like that. Looked out the window and saw one person run by his house. Man appeared to be in shirt sleeves. Sounded as though there were two, but only saw one—could not say what size man he was.

Witness went to scene, and saw body of Moreland. Saw Night Policeman Griner, who was attracted by the report. Witness discovered the body, still living, but could not, or did not speak. Does not remember finding any weapon on his person other than a small knife, which was closed. Shooting occurred shortly after 10 o'clock. Witness had just come in and retired.

Cross-examination: Witness could not recall the condition of the night as to darkness, but was sure there was no moon. He was about twelve or fifteen feet from Griner when the latter held him up.

A Map Introduced.

At this juncture a map of the section in which the homicide occurred was introduced, to aid the witness in determining location of houses, distances, etc., indicating by a red mark where Moreland fell.

M. P. Summers

Was in High Springs on night of July 29. Was seated on piazza with his wife, when a man passed, going in direction of where the homicide later occurred. Man wore dark coat, but witness did not positively identify him. Heard a pistol shot about twenty or thirty minutes after the man passed. Was a light in front room when man passed. He had retired when shot was fired. Got up and went to scene. Heard cries of "help!" "you catch 'em," or something similar.

Cross-examination: Witness was asked if he did not testify in habeas corpus proceedings that he had ascertained that the man he saw pass his house on the night in question was Ben Wiles, to which he replied that he did. It was an extraordinarily dark night. Was quite a crowd congregated around the body from time to time—possibly fifty. There were four approaches to the spot where the body lay. Ben Wiles told witness the following day that it was he (Wiles) who passed his home.

A. E. Summers resides at High Springs. Engaged in undertaking business. Prepared body of Moreland, and found 32-calibre pistol wound in left side, passing through body and penetrating heart. Secured ball from under left shoulder. Moreland was dead when witness reached

him. Witness states that death resulted from this wound.

Miss Glass on Stand.

Miss Louise Glass lived in High Springs July 29, 1908. Knew W. H. Moreland, and saw him twice on that date; first time between 2:15 and 2:30 p. m. and again at the postoffice about 7. She saw Bexley also, and he asked her and Moreland to go riding, stating that he (Bexley) would secure a team. Consented to go, but later, about 8 o'clock, telephoned the drug store, but ascertained that Bexley had left the store. Witness stated that she and Moreland met Mrs. Frodenbach and Mrs. Annie Bynum, who were to go driving with them. Moreland then escorted witness to her home, where he remained until about 10 o'clock.

About fifteen minutes after Moreland left the Glass home, witness heard one shot, and saw some person running along the sidewalk in front of E. B. Godwin's house; also heard groaning.

Nothing new developed from a cross examination of this witness other than that Moreland was a friend of the Glass family. Witness has known Wm. Bexley for about ten years, but only passing friendship. Has known Truby Osteen for several years. Neither of the defendants had ever paid her special attention.

Grady Pettit was in High Springs on July 29. Knew where Moreland was killed. Lives about 150 yards north of the spot. Heard the shot, and heard parties running by his home, in a northerly or northeasterly direction.

Herbert Brooker

Lived in High Springs July 29. Saw Bexley in postoffice between 6 and 7 o'clock on that date, also gentleman whom he afterwards recognized as the man who was killed. Said as Bexley walked out of postoffice he remarked: "The dam ———"

On cross-examination witness stated Bexley proceeded down the street, but did not notice where he went. Bexley was in the postoffice but a short time. Man witness identified later as Moreland was behind the partition, in the Government department.

At this juncture court adjourned until Friday morning at 8:30 o'clock.

PRESS REPORTER.

DON'T GROW OLD

Keep Your Hair Bright and Luxuriant and Stay Young.

Yes, Parisian Sage, the most invigorating hair restorer, grows hair; the women of America, who have luxuriant hair, know it does, and that is why thousands of attractive women throughout the land are regularly using it.

For years this almost marvelous grower of lustrous and beautiful hair was confined to the elite of Europe and New York City, but about two years ago it was given to a select list of druggists, and today can be obtained in any city or town in America where society women of refinement dwell.

Parisian Sage is the most delightful hair tonic in the world. It makes the hair soft, lustrous and luxuriant in a few days. It is perfumed most daintily and is not sticky or greasy. It stops falling hair, cures dandruff and itching scalp in two weeks or money back.

This is what Mrs. Elizabeth E. Anderson, Mechanicsburg, Pa., writes:

"I had given up hope of ever being cured of dandruff, when I purchased a bottle of Parisian Sage. It has entirely removed the dandruff, and has started a growth of new hair, and this after having been troubled for 15 years. I cheerfully recommend Parisian Sage."

W. M. Johnson is the regularly appointed agent in Gainesville for Parisian Sage, and he will sell you a large bottle under a rigid guarantee for 50 cents.

A larger bottle of better tonic, that's what you get when you lay down a half dollar for a bottle of Parisian Sage. The girl with the auburn hair is on every package and bottle.

Plan for Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather.

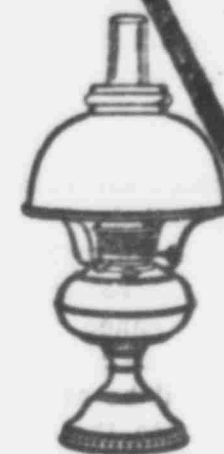

Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort.

With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house. Another great advantage of the

COUNTRY CANDIDATES COMING TO THE FRONT

ALL PARTIES ACTIVE IN GREAT
CONTEST FOR PRIZES.

Several Changes in the Standing of
the Candidates and All Con-
testants Are Working.

The result of Wednesday's canvass was a surprise all around, for many of the candidates changed places and the leaders will now see that there are others after the handsome prizes offered.

The diamond has arrived and will be mounted by L. C. Smith and placed on exhibition—it is a 1-carat stone and a beauty—and the handsome pianos will also be placed on exhibition as soon as they can arrive from the factory.

Interest in the country seems to be keener than in the city, as two of the candidates received over the 50,000 mark Wednesday and quite a number of them reached up into the thousands. Remember the large list of merchants in the contest and when you are working for The Sun you can also be putting in a good word for them. They will all count and in the end will prove valuable for you.

Owing to rule No. 2, which states that no candidate who is in anyway related to parties in the contest, Miss Lena Colclough has withdrawn from the race and thanks the large number of friends who have been supporting her.

The votes have reached such tremendous proportions that the committee in charge will hereafter take them up and count them each morning, which will make the vote a day late when it appears in print, so contestants will please bear this in mind and remember to get all of their votes in the box every afternoon.

Following is the result of the count Wednesday:

The Swine or the Flower?

Oh me! I saw a huge and loathsome sty,
Wherein a drove of wallowing swine were barred,
Whose banquet shocked the nostril and the eye;
Then spoke a voice, "Behold the source of LARD!"

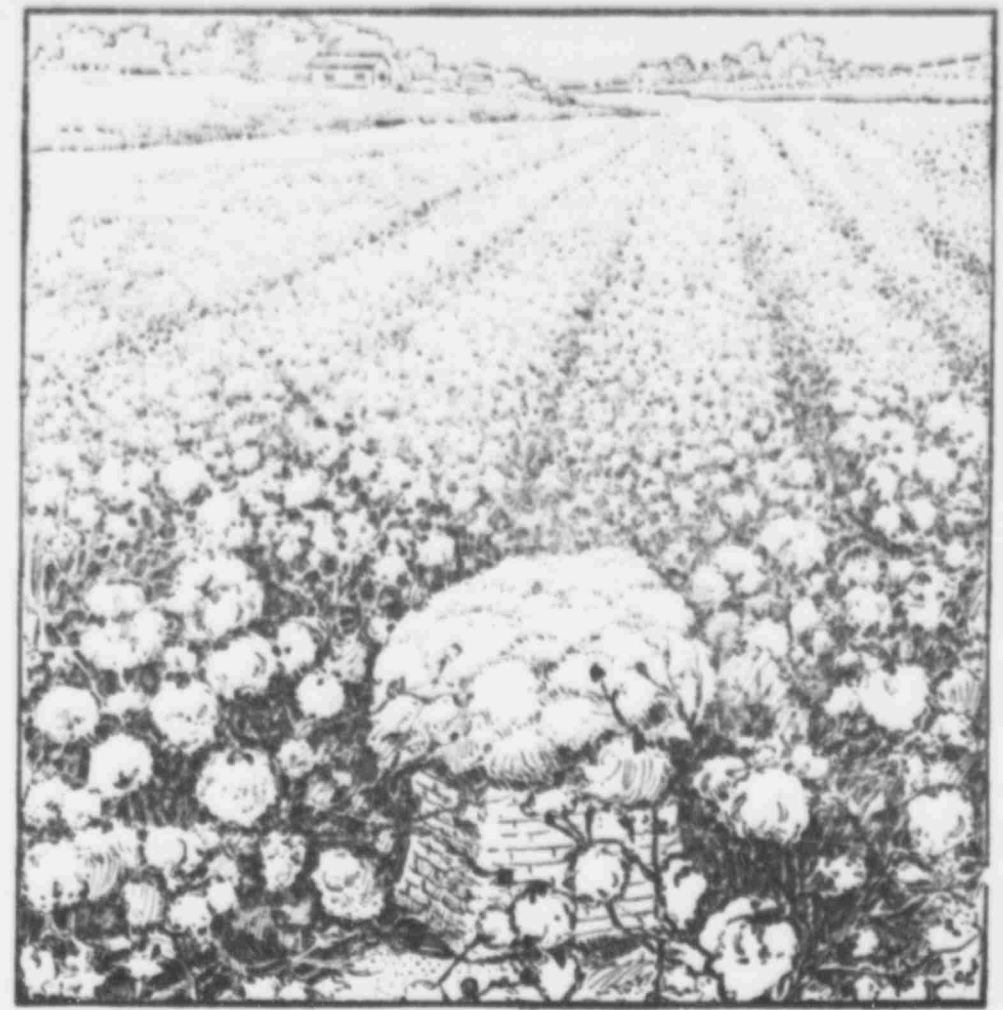

I fled, and saw a field that seemed at first
One glistening mass of roses pure and white,
With dewy buds 'mid dark green foliage nursed;
And as I lingered o'er the lovely sight,
The summer breeze that cooled that Southern scene,
Whispered, "Behold the source of COTTOLENE!"

"Nature's Gift from the Sunny South"

COTTOLENE is a pure and wholesome frying and shortening medium, made from refined cottonseed oil. There is not an ounce of hog fat in it to make food unwholesome, greasy and indigestible. As evidence of its superiority, COTTOLENE received Grand Prize (highest possible award) at the Louisiana Purchase Exposi-

tion; and Gold Medals (also representing highest awards in each case) at the Charleston Exposition, the Paris Exposition, and the Chicago World's Fair. In fact, in every case where COTTOLENE has been exhibited in competition with other cooking fats, it has invariably been granted the highest award.

The school for the Deaf, Dumb and Blind at St. Augustine closes for the term on May 25th.

The statements published this week show the banks of Gainesville to be in a most prosperous condition.

In grafting and business corporation frauds the wily Japanese seem to keep well abreast of American civilization.

It's hard to tell who'll have the biggest time today—the Palatka-Gainesville Sunday school picknickers at Interlachen, or the law-makers at Tallahassee.

Evelyn Nesbit Thaw still has troubles of her own. Failure to appear in court to submit to examination in supplementary proceedings in New York has caused her to be adjudged in contempt of court and sentenced to pay a fine of \$250 within five days or suffer imprisonment.

The defense in the Hains trial, now in progress at Flushing, N. Y., on Wednesday propounded a hypothetical question containing 10,000 words upon which three alienists are to predicate their opinions of the mental condition of Peter C. Hains when he shot and killed William E. Annis at the Bayside Yacht Club.

The New Masonic Temple already completed, the Federal building in course of erection, vitrified brick paving in progress, and a strong likelihood of new building at the State University make it certain that nothing can prevent the advance of Greater Gainesville. Fairbanks, Archer and Hague will soon be considered suburbs.

A dispatch from Washington under date of May 5th says: "President Taft held a conference this morning with a number of Senators and Representatives and went over the situation with them relative to completing discussion of the tariff. Mr. Taft expressed himself as hopeful that the matter would be speedily concluded so that the business interests of the country might know what to expect. After the conference it was stated that there was little probability of Congress being adjourned before June 15 or July 1."

Thrift and economy are virtues in which Americans do not excel. In fact we may be considered the most wasteful and extravagant of peoples. The reason is found in the easier conditions of life prevailing here rendering it unnecessary to practice the rigid economies of the peoples of the old world. Nevertheless it is a great pity that a wise economy is not more generally practiced, for even in this land seasons of business depression occur and when they do thousands of homes are reduced to poverty and misery because through improvident living they had made no provision for such contingencies. In this matter of economy we may learn much from other nations. In London, for instance, savings banks are organized in connection with the public schools with the purpose of inculcating habits of thrift among the children. Last year those children deposited 182,000 dollars, which shows that the lesson was being wisely learned.

MR. KILL-JOY, LATE OF PENSACOLA VISITS GAINESVILLE.

The ghost of the late-dead Van Peltian Absurdity has risen from its Pensacola tomb and descended upon Gainesville, where it is posing as a revamped Kill-Joy. Gainesville has a mayor who has been bitten by the Blue-Law bacillus and the resulting disease is working itself out of his system. Last Sabbath, he placed the ban upon the ordinary recreations and refreshments of a free and enlightened people and turned the usually attractive town into a dull, dead village, peopled for the nonce by long-faced sufferers who spoke but smiled not.

The Tribune has always been at a loss to account for the mental processes of two types of so-called reformers—the fellows who put these harsh and impossible laws on the statute-books and the fellows who attempt, at great intervals, to enforce them.

There may be some excuse for the former, because they were of a past era, when it was often considered virtuous to be as miserable as one could, when the great and all-pervading religion of happiness had not gained away. But for the latter, modern, Twentieth Century Americans, who must recognize the fact that no day is too good to be happy, for these fellows to occasionally develop into fanatics and say to the people, "This day thou shalt not partake of soda-pop, or peruse the newspaper, or buy the rolled weed or the coffin-tack, or seek the fresh air via the trolley," always impressed The Tribune as good grounds for instituting preliminary proceedings tending Chattanoogaeward.

The Gainesville attack will, of course, be of brief duration, serving only to increase the disregard of law and authority—for law can be enforced in this country only when it is approved by the majority of the good people it affects.

There ought to be some safe, strong, hospital-like place for the immediate confinement of mayors and sheriffs who betray symptoms of infection by this pestiferous bacillus, where they could be subjected to proper treatment before their disease menaces the public.—Tampa Tribune.

The above may be applicable to authorities in some cities where drastic measures are brought into play for enforcement of radical reforms, and The Sun feels gratified that its esteemed contemporary takes such interest in our welfare, but we assure The Tribune that it is not the intention of Mayor Davis to force upon the people of Gainesville a harsh or unjust condition of Sunday observance, or any other measure that would prove unpopular and work as a detriment to the city.

The fact is, the city ordinance governing Sabbath observance has not been rigidly enforced for a number of years, consequently many citizens were not acquainted with its provisions, but, in response to complaints that commercialism was assuming proportions calculated to desecrate the day, Mayor Davis pursued the only course left to him—a more strict enforcement of the ordinance. In this he is not deserving of censure, as the people of Gainesville do not sanction a "wide-open" town.

There is no doubt, however, that rigid enforcement of present law will prove unpopular, especially since it makes no provision for the opening of drug stores on Sunday, but the remedy is vested in the City Council, and this body will meet tonight for the purpose of considering an ordinance which, it is thought, will prove acceptable to all.

WITH FLORIDA PARAGRAPHERS.

Don't worry over "hard times" when you spend a large part of your valuable time at the ball grounds or running your "installment auto."—Orlando Reporter-Star.

THE PRESENT TAX LAW.

That the present tax laws of Florida need a decided change, says The Pensacola News, no better proof can be offered than the following case which has come under the observation of The DeFuniak Breeze:

"Under our present tax law the Jackson Lumber Co., who allowed their lands to be sold for taxes last year, and which were certified to the State because no one would bid on them, will save about \$12,000 by letting the State hold the certificates for two years and then redeem them, and of course the State and county will lose that amount. Because these lands were certified to the State they will not be on the tax books this year or next if not redeemed, and so escape taxation altogether. It is true that the Jackson Lumber Co. will have to pay 25 per cent interest this year and 8 per cent next year on the face of the certificates, and fifty cents to redeem each parcel, but this will not amount to more than one-fourth of the taxes for the two years. It is about time we were getting a new tax law."

No changes, however great, which take place in the social and political world should impair in the slightest degree the institution of the family. Its sanctity should be preserved intact under all circumstances. The family is the unit of society and the very foundation of the State. Anything, therefore, that weakens the foundation weakens the State. The patriotism, as well as domestic love, demands that the home be kept free from injurious influences.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. HENDERSON WRITES ON PEACH CULTURE

FEW SUGGESTIONS CONCERNING
PLANTING AND FRUIT.

Many Sections of Alachua County
Especially Adapted to Culture
of the Peach.

This paper received the first prize offered by The Southern Ruralist of Atlanta in 1908. Revised and adapted to conditions in Florida, especially this section.

Experience and observation have taught me that the greatest mistake the fruit growers of Florida have made in the past is to plant too many acres, thereby sacrificing quality to get quantity of fruit.

There is much more profit in raising one crate of fruit that will sell for \$2.50 than there is in raising two crates that will only sell for \$1.25 each. The picking, packing, crates and freight will all be doubly as much on the common or low-grade fruit as on the fancy fruit, besides the two crates of low-grade fruit will damage your tree more than twice as much as the fancy fruit.

The most important question, then, for the peach grower is how to grow fancy fruit. This question I will strive to answer very briefly.

First: The selection of soil is very important. High, well-drained pine land, not too rich, is best. High-grade, highly colored, and fine flavored peaches cannot be grown on rich damp soil. Hickory and red oak land will not grow good peaches in Florida.

Virgin soil is absolutely necessary in the sandy soils of Florida, and virgin soil is much better anywhere. There are thousands of acres of land in Alachua county well adapted to growing fancy peaches.

Much depends on the variety of peach planted. More failures have been made in Florida by planting Northern varieties of peaches than any other cause. Not one of the varieties of peaches grown even in Georgia will succeed here. The best varieties for this section of Florida are Jewel, Waldo, Florida Gem, Imperial and a few others of the Peento and Honey class of peaches.

Nearly all of the old Spanish or

native varieties succeed here. Having selected the location and varieties, order from the nearest nursery or from an agent who knows his business and local conditions.

When ready to plant, which should be done from December 1st to February 1st, cut your trees back to about 16 inches, and cut off all the roots to one or two inches and plant just a little deeper than tree grew in the nursery. Cultivate well first and second year. Put from three to five pounds of fertilizer the first and second year of some good tree grower. After the second year put from five to ten pounds of a fertilizer analyzing about 7 per cent phosphate, 15 per cent potash and 2 per cent ammonia. Never plant any crop in the orchard after the first year and never plant melons or sweet potatoes the first year. Never plow deep after first year. I plant 15x20 feet and every third tree each way I put a grafted peach of best varieties.

Keep trees well pruned and cut back and thin out your fruit till you think you only have a half a crop on the trees every year.

To keep out borers tie a band of tarred paper about twelve inches around the base of tree.

To prevent wormy peaches, destroy all wormy peaches that drop on the ground.

The San Jose Scale, the worst enemy to peach-growing in any section, is best overcome with red head and black fungus.

With these directions strictly followed you are sure to grow a fancy peach which will always bring a fancy price in any market.

ARCHER NOTES.

ARCHER, May 6.—Miss Leila Bauknight left yesterday morning for Jacksonville to visit her sister, Mrs. J. H. Tucker, Jr.

The postoffice was moved yesterday to the store of C. D. Wood, near the depot.

The street committee has had the street from town to the depot clayed and sanded and it now makes a fine street.

Archer can boast of a first-class barber shop.

The Seaboard Air Line and Atlantic Coast Line railways have put in a fine large water tank at the crossing, making it convenient for both roads. J. O. Johnson has the contract for running the pump.

AT THE BAIRD.

Home Boys Put Up Very Creditable Performance Wednesday Night.

The vaudeville performance given by local talent at the New Baird Theatre Wednesday night proved one of the best attractions of its kind seen here during the season, which will further substantiate the fact that Gainesville has splendid material for such attractions.

The large and appreciative audience attested the fact that they were not only in sympathy with the cause for which the play was presented, but it met with their hearty approval judging from the numerous encores accorded the players.

Piles and Bouis acquitted themselves in acrobatic work in a manner which would have done much credit to professionals, a number of their tricks being new and novel. Arthur Allen, who was instrumental in putting on the show, is good at anything you may assign to him but in his black-face sketch he was par excellence. Ray Driver, whom everyone knows to be a natural born dancer, pleased the audience as he has done on numerous occasions. Ed Wellington proved a winner in his Irish monologue, and Prof. Woltz, in the musical act, was simply great. "That Quartet," and "Grady's Hotel," a farce, were well received.

The boys made such a grand success of the play in Gainesville that they are contemplating visiting Ocala, and should the arrangements be made the amusement-loving people of the Brick City can rest assured that it will prove well worthy of their patronage.

A Happy Father

Is soon turned to a sad one if he has to walk the floor every night with a crying baby. McGee's Baby Elixir will make the child well—soothe its nerves, induce healthy, normal slumber. Best for disordered bowels and sour stomach—all teething babies need it. Pleasant to take, sure, and safe, contains no harmful drugs. Price 25 and 50 cents per bottle. Sold by W. M. Johnson.

Accidental Death.

Friends in this city of J. E. Melwaine will learn with regret that his brother, who is well-known here, was killed in a runaway accident in Charlotte, N. C., yesterday. The message simply stated that he was out driving when the team became frightened and he was thrown from the vehicle, from which death resulted.

Practice Shoot Thursday.

Nearly all the members of the Gun Club were out for the regular practice shoot yesterday afternoon and some very fine records were made. The shoot for the medal will occur again on next Thursday, the regular allotted time, which is twice each month.

HIDDEN DANGERS

Nature Gives Timely Warning That No Gainesville Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident:

Mrs. Elizabeth Moore, Madison avenue, Starke, Fla., says: "For some time I suffered from dull, nagging backaches and distressing pains through my loins. I could not rest well and arose in the morning feeling tired and worn out. My kidneys were sluggish and the secretions very unnatural. I at length procured Doan's Kidney Pills and they gave me the desired relief promptly. I have since been free from backaches and pains through my loins and my kidneys are normal. I am feeling better generally and give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

HIGH SCHOOL WILL
CLOSE ON MAY 21

FINE PROGRAM BEING ARRANG-
ED BY FACULTY.

Exercises Will Follow on Monday and
Tuesday, May 24-25, at the
Auditorium.

The University High School will
close for the term on Friday, May 21,
after one of the most successful terms
ever held in the history of the insti-
tution.

The principal, Prof. W. H. Cassels,
and his able faculty are now busily
engaged in arranging a program for
the exercises, which will occur at the
auditorium of the building on the fol-
lowing Monday and Tuesday and
which will be a great credit to the
school.

During the present term there has
been an enrollment of 471, and the
attendance has been exceptionally
good. Taking the seventh month for
instance: it shows an average attend-
ance of 428, which is remarkable for
this time of year and near the close
of the term.

Prof. Cassels and his able corps of
assistants deserve much praise for
the satisfactory manner in which
they have conducted the session, and
the program announcing the exercises
at the close will show the people how
well the young minds have been de-
veloped at this place of learning.

THE NEWS FROM REX.

Public School Closed—Personal and

REX, May 6.—George Sherouse,
who has been attending the Atlanta
medical school, has returned to his
home for the summer.

Mr. and Mrs. P. F. Huff, Mrs. M.
Sutliff and Miss Lottie Teeter were
entertained on last Saturday at the
pleasant home of Col. and Mrs. Mc-
murry of McMeekin.

Mrs. J. P. Henry of Hawthorn has
been visiting friends in our neigh-
borhood.

Miss Ida Wiggins, after completing
a successful term of school at Ken-
driek, has returned to her home at
this place.

Miss Millie Nash has entered the
Normal Training School at Madison.
Although we miss her from among us,
we wish her success in her work.

Mrs. Kate Carter of Fairbanks has

DO YOU OWN A
HYOMEI INHALER?

If you have a little Hyomei inhaler
(pronounced High-o-me) in your home
you have a treasure.

Into this hard rubber inhaler you
can pour a few drops of Hyomei and,
 presto, you have the best little phys-
ician for catarrh, coughs, colds, bron-
chitis, croup and asthma, the world
has ever known.

When you breathe Hyomei you bring
the healing virtues of the mountain-
ous forests to your home. You get
the very same healing, antiseptic air
that you would breathe if you resided
in the forests of pine and eucalyptus
of inland Australia, where catarrh or
consumption was never known to ex-
ist.

If you have a Hyomei inhaler in
your home, get a bottle of Hyomei
for 50 cents.

If you have not an inhaler, ask for
a complete outfit, which costs but
\$1.00, and includes an inhaler, a bot-
tle of Hyomei, and simple instruc-
tions for use.

Hyomei is sold and guaranteed by
J. W. McCollum & Co. to cure cat-
arrh, asthma or bronchitis, or money
back. It will relieve a cold in five
minutes, and will break it up in five
hours. It gives most gratifying relief
to consumption sufferers, and is sold
by leading druggists everywhere.

OPERATION
HER ONLY
CHANCE

Was Cured by Lydia E. Pink-
ham's Vegetable Compound

Adrian, Ga.—"I suffered untold
misery from a female weakness and
disease, and I could not stand more
than a minute at a time. My doctor
said an operation was the only
chance I had, and I dreaded it almost
as much as death. One day I was
reading how other women had been
cured by Lydia E. Pinkham's Vege-
table Compound, and decided to try
it. Before I had taken one bottle I
was better, and now I am completely
cured."—LENA V. HENRY, Route No.
3, Adrian, Ga.

Why will women take chances with
an operation or drag out a sickly,
half-hearted existence, missing three-
fourths of the joy of living, when they
can find health in Lydia E. Pinkham's
Vegetable Compound?

For thirty years it has been the
standard remedy for female ills, and
has cured thousands of women who
have been troubled with such ail-
ments as displacements, inflammation,
ulceration, fibroid tumors, irregularities,
periodic pains, backache, indiges-
tion, and nervous prostration.

If you have the slightest doubt
that Lydia E. Pinkham's Vege-
table Compound will help you,
write to Mrs. Pinkham at Lynn,
Mass., for advice. Your letter
will be absolutely confidential,
and the advice free.

The returns have been entirely satis-
factory.

Miss Lotus Landers is home after
completing her work as teacher at
Raiford. Her many friends are de-
lighted to have her with them again.

Mrs. Margaret Sutliff, who has been
spending the winter here, leaves next
week for her home in Bristol, Conn.

Mrs. Candee, Mrs. Warner and lit-
tle Marie Shaw spent last Saturday
at Magnesia Springs.

Miss Jewel Godwin is spending a
few weeks with her grandparents,
Hon. and Mrs. W. M. Bitch, at Santa
Fe. She is greatly missed by her lit-
tle playmates.

The picnic at Fowler's Lake was
well attended. All report a pleasant
day and a fine dinner.

Quite a number of our young peo-
ple spent the evening of May 1st at
the hospitable home of Mrs. Minnie
Godwin. Although this was a sur-
prise to the hostess, she entertained
in her usual charming manner.

A meeting was held at the school
house yesterday to organize a liter-
ary society. We have among our
number some good debaters as well
as readers, but there is always room
for improvement. Our aim will be
to make our society instructive as
well as interesting.

Our school closed on April 23rd
after a successful term taught by
Miss Lottie Teeter. The most inter-
esting part of the afternoon program
was a debate. Subject, "Resolved,
That the White Man Was Justifiable
in Driving the Indians From Ameri-
ca." The affirmative side was dis-
cussed by Harry Nobles, Dawson
Sanders and Earl Wiggins. Arthur
Godwin, Alvin Sanders and Leslie
Sherouse ably defended the negative,
but the decision of the judges was
in favor of the affirmative side. A
meeting of the patrons was then cal-
led by the trustees, and Miss Teeter
was asked to return as teacher for
the coming scholastic year. The pa-
trons sincerely hope she will accept
the position.

Ready Replies.

One of Lord Carnarthen's future
constituents once asked the youthful
candidate his opinion upon some ab-
struse question of which he knew
nothing. "Let him alone!" cried an-
other derisively. "Don't you see he's
nothing but a baby?" "What do you
think?" reiterated his inquirer, heed-
less of the interruption and deter-
mined to have an answer. "I think,"
said Lord Carnarthen, with ready wit,
"that it is high time for all babies to
be in bed," and so saying he gathered
up his papers and disappeared from
the platform.

Again—and this last anecdote is so
well known as to have become well
nigh historical—at a crowded meeting
just before his election, he was inter-
rupted by the question, "Does your
mother know you're out?" "Yes, she
does," was the instant reply, "and by
Tuesday night she will know I'm in." His
prophesy proved correct, and he
headed the poll by a large majority.

Not So Short.

He was supposed to be a poor but
otherwise honest young man, while she
was admittedly a thing of beauty.

"Will you marry me?" he asked.

"No," she answered.

"You are very short," he muttered.

"Ditto," she replied. "That's why
there is nothing going in the matri-
monial line."

"Oh, I don't know," he sneered, as
he extracted an obese billbook from an
inside pocket and displayed a number
of \$1,000 bills. "I'm not so short."

Modern Buildings.

Probably not one out of every 10,000
buildings standing in all parts of the
world and built by modern masons
will be standing 500 years hence. We
do not know how to put stones and
bricks together as the ancients did,
and consequently the buildings we
raise nowadays are really mere tem-
porary structures and will be in ruins
when the ancient buildings of Greece
and Egypt, built thousands of years
ago, are in as good condition as they
are now.

There Was Something Doing.

In a barber's shop the other day I
saw a man for whom I felt sorry—not
that he needed my sympathy from the
standpoint of charity, for he was a
well to do man, having many business
affairs, but I felt sorry for him be-
cause of what he was doing. A bar-
ber was cutting his hair. He was hav-
ing his left hand manicured. In his
right hand he held a newspaper. He
was smoking a cigar, and a porter was
shining his shoes. There he sat read-
ing a newspaper. Three persons were
busy waiting on him, doing their best
to please him, and he was oblivious to
the joy which his opportunity afforded
him.—Fort Worth Star.

What's In a Name.

Talking of names, what's in them?
A good lot sometimes. We knew a girl
named Rose once. She was a daugh-
ter of old Rose, and he, being a little
romantic, christened her Wild. Cer-
tainly Wild Rose is a pretty name.
But, alas, the old man was not farsee-
ing! She married a man named Bull.

Then, again, we happen to know a
carpenter named Pierrotezic Zruchziz-
owskelowski. Now, whenever a fel-
low workman saws down on a nail
this chap always sings out, "What is
it?" He thinks they are calling him.
Yes, there's a good deal in a name.—

TELEPHONE TALKS

The Long Distance System

One of the most valuable features
of our service, to our subscribers and
to the public generally, is our connec-
tion with the extensive long distance
lines of the American Telephone and
Telegraph Company and the other as-
sociated Bell Telephone companies.

We own thousands of miles of long
distance lines in the seven States in
which we operate and in addition can
connect any telephone in our system
with lines extending to any other city
in which a Bell Telephone system is
operated.

These long distance lines are of the
most modern and improved construc-
tion and are maintained at a high
state of efficiency. The Bell systems

operating in various sections of the
country, are uniform in their equip-
ment and in their methods of oper-
ating.

Only by reason of this close traffic
arrangement between the Bell Tele-
phone companies is it possible to go to
a Bell Telephone almost anywhere,
ask for "Long Distance" and be put in
communication with almost any point
in the country.

This vast network of wires, radiat-
ing throughout the nation, is used
daily in commerce and for social pur-
poses by the banker, the farmer and
citizens in all walks of life and our
plant here is an important link in this
great chain.

Efficient Service. Reasonable Rates

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and constant commerce, has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.

C. J. Grace of Evinston was in the city yesterday. He is among the lucky farmers of that section who have fared well with their crops, and will make a visit to his old home in Georgia for the next several weeks, going via Tallahassee for a few days.

If you desire a clear complexion take Foley's Orino Laxative for constipation and liver trouble as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in the spring in order to feel well. J. W. McCollum & Co.

F. S. Curl, deputy sheriff of Archer, was among the visitors to the city yesterday, this being his first visit in some weeks. He states that Archer is progressing at a very rapid rate. Many new buildings are contemplated, besides a large number are being improved and painted.

A. J. Shuford, a former citizen of Gainesville but now making his home in Atlanta, was a visitor here yesterday. He was en route to Hawthorn, having been called there on business. Mr. Shuford states that he is conducting a very lucrative business in the Georgia capital and has done well since first engaging in business in that city.

A card received from Dr. Harry L. Pearce, who, with his wife and Dallas Bowers, left last week for New Mexico for the benefit of his health, bears the pleasing information that they are all pleasantly located at Alamogorda, New Mexico, and that he is already feeling much better. The many friends of Dr. Pearce will be pleased to learn of his improving condition.

We beg to call the attention of our readers this morning to the advertisement of Mrs. F. T. McCormick, proprietress of McCormick's Millinery Parlors, on the west side of the court house square, this city, who has opened in connection with her millinery parlors a school of Millinery Art Instruction, where a full and complete course of instruction in the art of up-to-date millinery designing will be taught to a few select pupils. Mrs. McCormick needs no recommendation, as she is well and favorably known as a high-grade milliner and designer. She is a graduate of millinery art designing, and has been connected with several large millinery establishments in Baltimore and elsewhere. She is noted as authority in millinery in all its branches, and is fully equipped to give full course of instruction running from two to three months. Tuition will be reasonable.

Miss Goode Will Run.

At the solicitation of her numerous friends, we desire to state that Miss Addie Goode has consented to become a candidate in the contest for the handsome diamond ring to be given away in the Co-Operative Contest. She will at once start to work and will make a personal canvass for your favors. Respectfully,

ADMIRERS.

Tennis Tournament.

In the tennis tournament on the University courts yesterday afternoon Langston defeated Riley 6-4, 6-1; Chapin defeated Kay 6-0, 6-2; Rader defeated Drawdy 6-3, 6-2.

Only four are now left in the contest—Wilson, R. N., Langston, Chapin and Rader—and they will compete for the final honors this afternoon.

Sale Was Big Success.

The "Old Hoss" sale of the Southern Express Company, conducted on Thursday in the vacant Wilson building on East Liberty street, was a success in every way to the company and afforded much amusement for the large number of spectators present during the day. In all over a solid carload of unclaimed packages were sold to the highest bidders and not a few of them were "stuck" in the transaction, but all took their "medicine" good-naturedly.
